18-Year-Old Charged With Punching Police

A young Antioch man was taken to the Lake County jail Monday afternoon, charged with leaving the scene of an accident and aggravated battery in a scuffle with two police officers.

He is Raymond Konkell, 18, of 529 Maplewood Drive.

A woman reported to police at 1:30 p.m. that she saw an "old

Parking East of Main Street Pondered

After more than 20 years of talking about building a parking lot east of Main Street, some village officials want to find out now if it's a good idea.

But the suggestion of a feasibility study by a professional planning firm was rejected at Monday night's village board meeting.

Trustees Mike Haley and

Diane (Willie) Kasik were outvoted 4-2 when they proposed the study, which would have cost between \$2,500 and \$3,000.

"All I want to know," said Haley, "is what it would cost to build such a parking lot. If it's going to cost four million, okay, we can't do it."

"No one knows what it would cost," said trustee Bill See-

mann, "but it's going to cost a bundle. We've been talking about this for 20 years."

"I want to come to the point where we decide whether it's feasible or not," Haley said. Seemann agreed that a solution is needed for the "deteriorating atmosphere" behind the stores on the east side of the street. Mayor Robert C. Wilton agreed

with Haley, saying: "I feel we need a study to determine whether the lot is feasible."

The lot that has been discussed for so many years would be built east, or behind, the stores on the east side of Main St. Among the problems would be creating an entrance, perhaps from Park St., and an exit, possibly on Depot St.

Trustee J. Irving Walsh questioned how people who parked "down there" would get up to the stores. And if they would "walk up a 20-foot hill to shop on the east side of Main St."

Jack Siegmeyer, the new president of Antioch's Chamber of Commerce and Industry, attended the meeting. He said the Chamber also is looking for some professional direction and said "let's decide whether we're going to build the parking lot or not."

Ken Wierschem, chairman of the village planning commission, was a member of the audience.

"The price of \$2,500 to \$3,000 seems a little high. That's my initial reaction. Perhaps we have people here in the village who can do some of the study work for far less," Wierschem said.

The professional planners, Harland, Bartholomew and Associates, have offered to do the feasibility study, including plans and designs.

IN OTHER action at Monday night's meeting, the board set a date for a public hearing on the new comprehensive plan for the village. It will be at 7:30 p.m. on Wednesday, Mar. 3.

Wierschem told the board that he showed a slide presentation on the plan to the Rotary Club of Antioch last Thursday. "Their chief response," Wierschem mentioned, "was to

Ducks Unlimited Plans Banquet Mar. 2

Terry Folbrick, chairman of Northeastern Ducks Unlimited, has announced that this year's annual banquet will be held at St. Peter's social center on Tuesday Mar. 2.

Cocktails will start at 6:30 p.m. and dinner will be served at 7:30.

This year's dinner will be attended by the national president of Ducks Unlimited, Gaylord Donnelly. Other high points of the evening include the immensely popular auction of sporting items and antiques,

and a large number of door prizes.

Ducks Unlimited was formed Jan. 29, 1937, to develop and preserve prime waterfowl habitat and dedicated to the wise conservation of waterfowl. In the 39 years of its existence more than \$24 million has been spent for these purposes.

All funds are raised through membership fees, private donations and annual chapter dinners held across the country. These funds represent the support of private citizens

interest in the perpetuation of waterfowl.

Tickets and membership ap-

plications are available from Tony Starcevic at the State Bank of Antioch, 395-2700.

Antioch's Ice Fishing Derby Is Talk of Area

By CHARLES P. RAYMAN

The 16th annual Ice Fishing Derby sponsored jointly by the Northern Illinois Conservation Club and the 885 Club of Antioch is generating greater interest than ever before.

The reason: an ever-widening scope of programs.

Those in attendance the past few years have enjoyed themselves, won many fine prizes and generally widened their circle of friends and fellow fishermen. As a result this major winter festival has drawn attention throughout Illinois and neighboring areas as well.

WITH FINE weather for firm ice thus far, the fishing should be excellent according to catches being reported in the Chain of Lakes.

The upper lakes in the Chain particularly have been producing exceptional catches with

Members of the Antioch High School marching Sequoit band will be having a "Fresh Texas Citrus Fruit Sale" Thursday through Saturday, Feb. 12 to 14. Members pictured above are (from left) Chris Lindberg, Patti Thamerus and Mike Brady. The fruit will be sold by uniformed band members, door-to-door throughout the community. Proceeds will be used to help defray the cost of a summer marching band program. If you aren't contacted by a band student during the three days, and wish to buy some fruit, please call 395-0129.

Learning Is Fun At Grass Lake

Students at Grass Lake School are having fun learning communicative skills.

Seventh grade students in Mrs. Judy Peters' language arts class wrote scripts, made scenes and costumes, and then treated other members of the class to short skits.

"Students put their writing, speaking and listening skills to good use. In addition to learning skills, the students learned to

work with each other in order to make their particular skit a success," said Mrs. Peters.

As part of her language arts program, Mrs. Peters uses "The Scholastic Book Company" series called "Adventure and Suspense." Students chose to do the skits, "Fantastic Voyage" and "A Wrinkle in Time," among others.

"As an educator it is indeed pleasurable to witness students

learning vital skills in an enthusiastic manner," said the school's superintendent, Eugene Paulausky. "Such activity provides students with an opportunity to create as well as practice specific skills. Students also gain pride in themselves and a feeling of accomplishment through such activity. Perhaps most important of all, students discover learning can be fun!"

Officer Gerry Hannum of Antioch went to the scene and joined Imroth and Konkel at the intersection. Hannum said he

told Konkel he was under arrest for leaving the scene of an accident and that Konkel swung and struck him with his fist. The police report says that Deputy Imroth stepped in and he, too, was struck by Konkel.

Hannum's report says the officers wrestled Konkel to the ground and handcuffed him. The report said Konkel continued to fight and tried several times to leave the police car. Passersby offered to help the

officers, police said.

Konkel was taken to the Antioch police station and then to the county jail. Hannum was treated for a minor leg injury suffered during the scuffle.

Dinner Hours Are Hazardous

A survey conducted by the National Bureau of Standards and the Consumer Product Safety Commission notes that, of 33,000 households surveyed, 2,463 reported fires in the last year.

Results of the survey showed that 65 per cent of these fires started in the kitchen, with the peak time between 5 and 6 p.m.; over 60 per cent of all fires involved appliances, and more than half of these involved ignition of grease and other foods.

Timber Program Saves You Money

Timber is expensive, but if you're lucky enough to live near a national forest you may be able to use some of the timber for firewood, fencing, building and other domestic purposes. But you must check with the local District Forest Ranger, Forest Service, U.S. Department of Agriculture.

A "special use" permit may be issued to you at no cost if you are a resident of an area where the Free Use Timber Program is in effect.

Use of such timber is limited to nonprofit-making ventures. For more information, write to the Division of Timber Management, Forest Service, U.S. Department of Agriculture, Washington, D.C. 20250.

BARRY GOLDWATER

The Russians Want to Expand

By SEN. BARRY GOLDWATER

U.S. Ambassador to the United Nations Daniel P. Moynihan, who has been specializing in straight talk for the world at his post, handed out some straight talk for American officials recently.

In an interview with Newsweek magazine, the blunt-spoken Moynihan warned that if the United States does not shake off the "failure of nerve" caused by its setback in Southeast Asia, it should not pursue a policy of detente with the Soviet Union.

THUS, FOR almost the first time, an American official declared bluntly that detente is a two-way street and involves much more than talks with the Soviets and moves to placate the rulers in the Kremlin.

"You must see detente as a situation in which tensions will increase, or you've missed the point altogether," Moynihan said. "Detente does mean the relaxation of tensions, but we picked the wrong word for the process."

"If you come to certain

accommodations about nuclear armament, you will almost in a mechanical way move the tensions into ideological conflict. If you face the nuclear challenge, as God knows we must, the only way to keep it stable is to be very tough on the other area of encounter. If you get unbalanced in that area, then the nuclear area won't hold either."

MOYNIHAN INSISTED that if the United States will not stand up to ideological attacks, then we're not well advised to have anything resembling detente.

The U.N. ambassador, who has had much recent experience, insisted that the Russians are expansionist.

"No one should get into the

habit of thinking that the Russians don't know how to be imperialists," he added. "Theirs is the only 19th-century empire to have survived the 20th century - not only to have survived it but to have expanded.

ed. They got back parts they had lost. They had lost Lithuania and Estonia and Latvia. They got them back. They got chunks of Poland back. They have a genuine, bonafide 19th-century imperialist condition."

Antioch Plans Birthday Party

The village of Antioch will celebrate its birthday on Sunday, Feb. 29, but there's a problem.

Is the village 21 years old, or 84?

Since it was incorporated on the last day of February in the leap year of 1892, the village has been able to enjoy only 20 birthdays in the previous 83 years.

One of the leaders of incorporation back in 1892 was a fellow named Thomas Wilton. Coincidentally, he was the great grandfather of a fellow named Robert Wilton, the present mayor of Antioch.

It was a close call back in '92. Fifty-seven citizens voted to incorporate, but 53 were against it.

"I'd like to see us have an open house to celebrate on Sunday, the 29th," said Mayor Wilton at Monday night's village board meeting. "We could have cake and coffee and, now that we're 21 and old enough to drink, maybe some champagne, too."

The mayor and Village Clerk Marilyn Sterbenz were authorized to make plans for the party.

And now for the weekend scores:

Harvard 74, Yale 62.
Colgate 81, Dartmouth 59
William and Mary 47, Bob and Carol and Ted and Alice zero.

minnows being a very popular bait. Younger fishermen and women are developing serious interest in the sport, with growing numbers getting licenses and working the area.

A most promising indication for the future is the fact that, at long last, cleaner waters are gradually being reported in many sections of the Chain, with the bottom being visible in 6 to 10 feet of water. Some lasting benefit in the form of better and more game fish will follow.

THE DERBY already has produced almost \$7,000 dollars worth of prizes which will be awarded to lucky fishermen and ticket holders. The Midwest Sled Dog Club of Lake Villa will conduct its series of long distance races beginning about 10:30 a.m. on both days, Feb. 14 and 15, on the south end of Channel Lake, 2 1/2 miles west of Antioch.

Ample free parking will be available at Mr. Wonderful's Resort, at Steve's Channel Inn and in the entire surrounding area. Hot food and drinks will also be served at the club headquarters on the ice. Restroom facilities will be provided.

WITH FIRST prize being a 1976 Evinrude snowmobile, followed by a trip to Las Vegas for two, a Zenith portable T.V., a Little Dude twin trailer, an Evinrude outboard motor, a 10-speed Columbia bicycle, his and her's snowmobile suits, a Rid-O-Ray insect control device and a Woods 4-Star Down sleeping bag plus hundreds of additional prizes, attendees will have excellent opportunities to walk away happy winners.

Hourly prizes for each of 10 different species of fish caught will be awarded and the program of sack races, ice auger hole-drilling contests, chisel contests, children's egg-throwing contests, and a children's penny scramble will provide a large measure of fun for all.

Since none of the tagged fish planted last year have yet been reported caught, those fish plus another 500 placed this year will

Further, ticket holders who might catch any of these tagged fish during the remainder of the year can still win prizes by taking the catch to William E. Brook at the State Bank of Antioch any time during 1976.

AN ADDED feature will be the opportunity to purchase a 1976 Bicentennial NICC-885 specially-cast belt buckle designed only for this derby. This one-of-a-kind memento will become a keepsake, since only 200 have been manufactured. At the nominal price of \$5, the souvenirs will be prized by their owners.

Senior Citizens Meet Next Tuesday

By JOHN L. HOKAN

The Antioch chapter of the American Association for Retired Persons (AARP) will hold its February meeting next Tuesday at St. Peter's youth center.

The speaker will be Onnie H. Bridges, of Winthrop Harbor, the assistant to the state director.

The chapter will have a social get-together at Lorenz's Smart Country House at 12:30 p.m. for Mr. and Mrs. Bridges.

Chapter meetings have been well attended. The meeting of Jan. 27 was attended by 118 members.

Senior citizens of Antioch and the community needn't wait to be asked. Any first or second Tuesday of the month come to St. Peter's youth center and make yourself acquainted.

The requirements are that you sign up with national organization and then pay dues in the Antioch chapter.

Young Women Flock To Labor Force

Nearly 37 million women—about 40 per cent of the U.S. workforce and 46 per cent of all women 16 years of age and older—held jobs in mid-1975, according to a report by the Department of Labor's Bureau of Labor Statistics.

The report indicates that the number of women under 20 in the labor force has increased nearly 2½ times as fast as the total population, despite drawbacks of age, school attendance, and lack of skills and experience.

The unusual growth in labor force activity of women 20 to 24 years of age is attributed to the increasing proportion who remain single, the fact that married women are having fewer children, and among those with children proportionately more hold jobs than a decade ago.

Edison Hits New High For Nuclear Generation

Commonwealth Edison Company has reported that its three nuclear power stations in 1975 generated approximately 20.6 billion kilowatthours and accounted for 35 percent of all the electricity produced by the company last year.

The three nuclear plants, all in Illinois, are Dresden, near Morris, Quad-Cities, near Moline, and Zion.

The Zion plant led all power plants on the Edison system in power production with a total of more than 9.7 billion kilowatt-

hours during the year.

According to Thomas G. Ayers, Edison chairman and president, the kilowatthours produced from uranium in Edison plants during 1975 had the effect of conserving about 11½ million tons of coal or about 37 million barrels of oil.

He added that the use of low sulfur coal instead of uranium would have increased fuel charges to customers by about \$125 million, while generation from residual oil would have boosted charges by about \$210

million.

Including its record nuclear production in 1975, Commonwealth Edison has now generated more than 55 billion kilowatthours during the past three years.

The company also said that its nine coal-fired plants accounted for 55 percent of its total generation in 1975. This meant that nine out of every 10 kilowatthours produced for Edison customers last year came from coal or nuclear plants.

Garbage May Soon Fuel Your Home

The first large-scale trash and garbage recycling facility is now under construction in El Cajon, Cal.

The \$80 million plant is a joint project of the U.S. Environmental Protection Agency and private industry. It will convert 35 truckloads of solid waste a day into 200 barrels of liquid fuel worth \$1,700 to \$1,800.

In addition, it will reclaim 25 tons of usable glass and metals with a value of about \$750. A spokesman for the project says that for each kilowatt of electricity required to operate the plant, its fuel oil product will furnish 2.2 kilowatt hours.

In the last two years the price of domestic jet fuel has more than doubled from a base price of 12 cents a gallon, says the Air Transport Association of Washington.

Wasn't Monday morning enough to freeze the arms off a brass monkey?

The big thermometer at the Antioch Savings Plaza said "10 below zero."

I almost headed straight for Florida but then realized Antioch needs me. What would it do without me?

Wonder why it's always four degrees warmer in Richmond, just 10 miles to the west. Whenever we drive from here to there we notice that the temperature on their big thermometer is four degrees higher. Maybe theirs is broken.

HAPPY BIRTHDAYS go out this week to Jackie Vos, who celebrated on Monday; and Tina Frook, who had a Tuesday birthday. It's Dan Dugenski's time to celebrate on Thursday.

Bill Georgeson's birthday slipped right past us last Wednesday. We don't know when Les Zitkus' birthday is but we hear he received a cake and everybody sang "Happy Birthday" to him.

"Why me?" Les was heard to say.

FRANK AND JEAN Benes were the guests of honor at a surprise Silver Wedding Anniversary party last Saturday

night. It was hosted by their children: Frank, Liz and Danny. About 50 people attended and we hear they really had a ball.

WE'RE SURE sorry to see that Roman and Jackie Vos are closing their "Young Image" store in downtown Antioch. But "everything must be sold," Roman announced, and there are "fantastic savings on all merchandise in the store." See the ad on page 9.

It's good to see that the Antioch post office has its Xerox machine running again. The duplicator in the post office lobby is available to the public from 5 a.m. to 6 p.m.

The Antioch Lions Club had its bowling tournament and banquet Sunday. About 100 Lions and their lady friends enjoyed an afternoon of bowling and singing with prizes and fun for all. Hear tell the low bowlers were Dr. Ed Warner and Mrs. Warren Polley.

EMMONS GRADE School will throw a Bicentennial Birthday Party on Friday. Starting at 6:30 p.m., families in the district are invited to bring a dish and their own plates and silverware to the school lunchroom. Coffee, tea, and soda will be provided. After sharing a meal with family and friends, the children will view a movie, while the adults attend an interesting P.T.O. meeting.

HIGH BLOOD PRESSURE: NOTHING TO FEAR

There is much about high blood pressure to fear. For this disease, which doctors usually call hypertension, has no unusual symptoms. And in 90 per cent of the cases, doctors can't determine the cause. It is a major contributor in the development of heart attack and stroke, heart and kidney failure—diseases which together kill more than 900,000 Americans each year.

But this silent killer which can strike without warning—this mysterious killer for which science still seeks a cause—is easily detected and can usually be controlled.

If you are a black American, there is additional reason to be concerned. You are twice as likely to have high blood pressure as a white American. It will strike at an earlier age and will probably be more severe. Science doesn't yet know why black Americans or anybody else has high blood pressure. And they don't know why it is more prevalent among blacks. But research is seeking causes and, hopefully, cures.

Meanwhile, take hope. High blood pressure can easily be detected by a painless, inexpensive medical examination. And it can be controlled.

But what is frightening about high blood pressure is the apathy of people who can't take seriously a disease which does not make them feel bad. Then there are those who foolishly assume that because an examination five or more years ago found their pressure normal, there's no need to have it checked again. These people are asking for trouble ... heart trouble.

Heart disease isn't something that just happens to the "aged." It can strike people of any age, any race, any sex. And this is why all Americans should be interested in learning how to reduce their risk of these two killers—heart attack and stroke.

The American Heart Association is now conducting its annual Heart Fund drive to raise the dollars necessary to support its many programs in heart research, education and community service. To do its job effectively, the Heart Association needs your help.

So take care of your heart. Get a blood pressure test and follow your doctor's advice to control it. And give generously when your Heart volunteer calls.

Teachers wanted.

No matter what you do for a living, you can do a lot of good for somebody living in your community.

And do yourself a lot of good at the same time.

To see how much, write: Volunteer, Washington, D.C. 20013.

Your help is very much wanted.

It'll make you a better human being.

ask why garbage is being brought in from other municipalities and being dumped in the village landfill."

Wierschem said he will give the slide presentation to the Oakwood Knolls Homeowners Association on Tuesday, Feb. 24.

WALSH REPORTED on the status of restaurant licenses in the village.

"Six of the eight restaurants we were having trouble with now have their permits," he said. "So it seems as if the inspections are paying off as far as cleaning up is concerned."

No names of restaurants have been revealed.

Trustee Arnold Weber reported that Valerie Baczynski is resigning Feb. 17 as a full-time police dispatcher.

"It's hard to see her go," said Walsh. "She's a good dis-

patcher."

THE TRUSTEES agreed unanimously with Haley's proposal for three new street lights - two on Corona Ave. in the area of Pickard China, and one at the rear of Dodge of Antioch.

Prior to the meeting, the village officials discussed plans for a Fourth of July celebration with members of the Antioch Bicentennial Commission, including Gus Costoff and Dr. Al Bucar.

In addition to a parade, plans for a big "cook-out" are being considered at Williams Park.

Village Clerk Marilyn Sterbenz reminded residents that 1976 vehicle stickers will be "past due" on Monday, Feb. 16. They are available at the village hall.

Siegmeier said the Chamber will keep in close contact with the village officials during the year.

"We'll really try to get our

communications in line," he said. "It's something that has been lacking in the past."

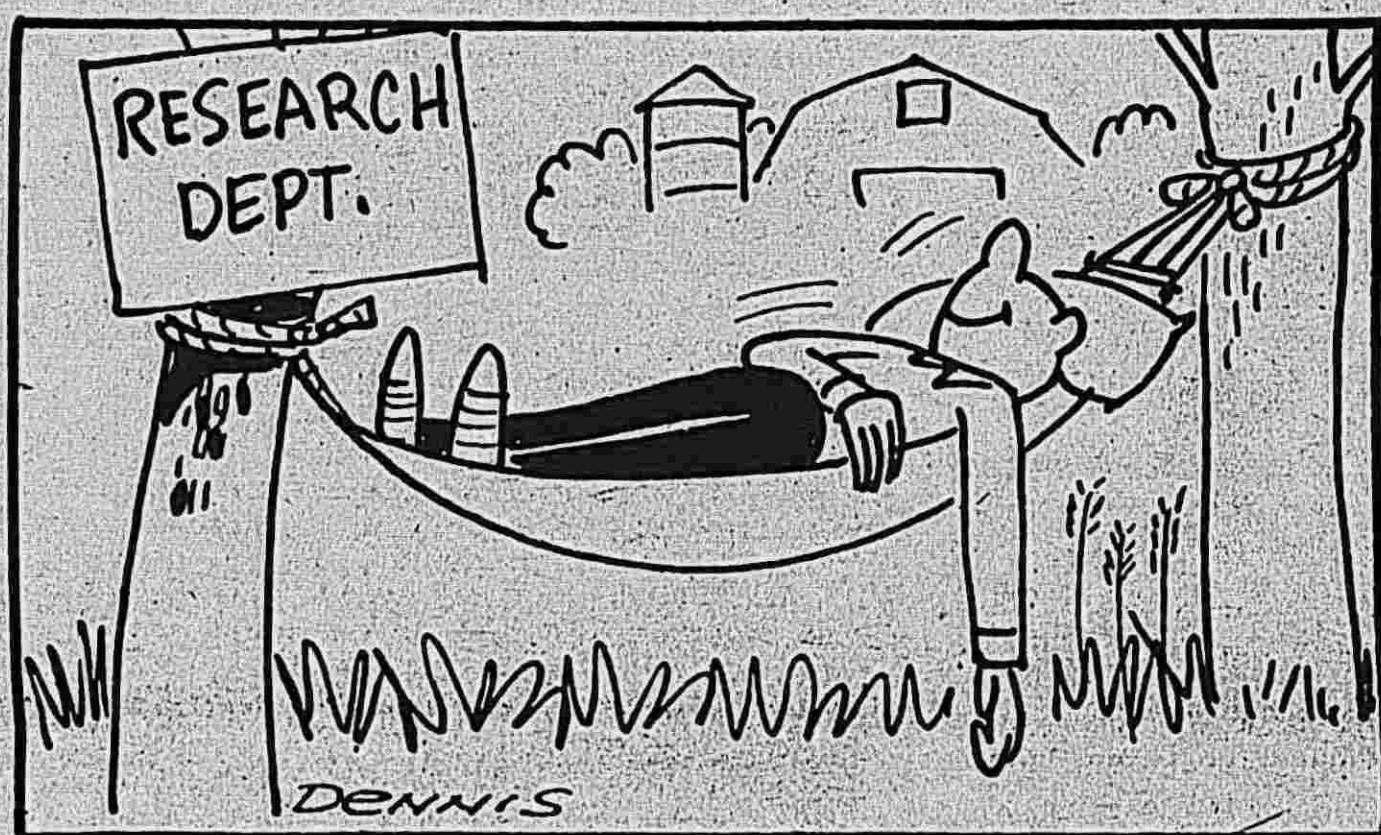

Siegmeier also said the Chamber wants to donate the trees it planted on Lake and Main streets to the village, in exchange for maintenance.

Siegmeier also said he would like to see the village "get rolling" on the proposed new sign ordinance.

The village park commission will meet at 8 p.m. on Wednesday, Feb. 11, and the next regular meeting of the village board will be at 8 p.m. on Monday, Feb. 16.

Mrs. Sterbenz said she is making her "annual pitch" for codification of village ordinances.

She said a representative of the W.H. Anderson Company of Chicago will meet with village officials next Monday to discuss sample codes used by other communities.

Old Farmer's Riddle: What has ears, but can't hear? (Answer below.)

Ask the Old Farmer: Could you please tell me the source of the blue dye in the old hand-woven woolen blankets? I have one at least four generations old and the blue is still bright and clear.

Indigo — they gathered and dried seed pods and got a beautiful dye — but the process of making it, as it was anciently done, is not a pleasing subject.

Home Hints: To remove wallpaper, mix together one heaping tablespoon of saltpeter and one gallon of hot water. Apply freely to wallpaper, keeping the water hot ... Riddle answer: A cornstalk.

OLD FARMER'S WEATHER FORECASTS

New England: Snows somewhat to midweek, near record cold; warmer latter part, scattered rain and snow.

SAN ANTONIO, Tex. - Airman Steven B. Stahmer, son of Fred H. Stahmer and Mrs. Joan T. Stahmer of Antioch, has been selected for technical training in the U.S. Air Force civil engineering mechanical and electrical field at Chanute AFB, Ill.

The airman recently completed basic training at Lackland, Tex.

Airman Stahmer is a 1975 graduate of Antioch High School.

TRAVELING WITH KIDS

The stewardess may not be your babysitter, but she'll be happy to lend a hand warming bottles and preparing special food. Simply tell her what you'll need before takeoff, so she can help you before she gets tied up serving meals.

At airports, ground hostesses will help you to and from the aircraft and see that you are made comfortable while you wait for your flight.

Need a babysitter once you've arrived at your destination? A good source is the concierge or desk clerk. He usually has a list of reliable ones right at his desk. If that fails, call the local university. The faculty member in charge of student affairs will be happy to give you the name of a trustworthy student.

Names in the News

PLANNING a June 5 wedding are Debra Anne Hartokolis of Antioch and Terry Rajala. They will be married at the Immanuel Baptist Church in Waukegan. Miss Hartokolis graduated from Antioch High School last spring. A singer, she starred in the school's musical, "Oklahoma!"

CLC to Stage 'Spoon River Anthology'

The New York Theatre Company will celebrate the Bicentennial with the musical theatre piece Spoon River Anthology,

sponsored by the College of Lake County on Saturday, Feb. 7, at 8 p.m. in the Blue Court on the Grayslake campus.

Compiled from the poetry of Edgar Lee Masters' Spoon River Anthology, the show is a tapestry of life in middle America, from the early 1800s, through the Civil War, and to the Jazz Age of the early 1900s.

Set in the small town of Spoon River, Ill., the characters paint their individual stories with tears, laughter and song. The dramatic work is a blend of poetic monologues and folk music.

For ticket information, call the CLC Activities office, 223-6601, extension 410.

ARIES [March 21-April 19] - Although disagreements are apt to occur, maintaining good partnership relations is essential. Differences can be worked out to the satisfaction of all by using your leadership.

TAURUS [April 20-May 20] - Increased magnetism puts you in the spotlight; many find you attractive now but don't make binding commitments to anyone. Remember the importance of advancing those career ideas.

GEMINI [May 21-June 21] - Originality is your best asset now; use inventive ways to help promote personal business interests. A keen sense of intuition keeps you on the right path.

CANCER [June 22-July 21] - You can make yourself more appealing by shopping for new clothes and personal items. Keep things on a light basis, getting bogged down only confuses issues.

LEO [July 22-August 21] - An abundance of stamina and good health aids in getting duties done in record time. Your achievements can make a valuable impression upon others.

VIRGO [August 22-September 22] - Be open-minded when meeting new acquaintances; by reaching a too quick opinion of others you may be forced to later change your views.

LIBRA [September 23-October 22] - Patience can be your best virtue in love matters; don't jump to hasty conclusions before learning all the facts. Give the other person benefit of the doubt.

SCORPIO [October 23-November 21] - Not a good week to confide in people who may gossip; keep company with old friends who can be trusted. Work out past misunderstandings.

SAGITTARIUS [November 22-December 20] - By seeking out new ways to add to your own resources new doors can be opened to insure future security. A change in events may occur soon.

CAPRICORN [December 21-January 20] - Popularity is high as a new and favorable trend begins. Chances of success in any endeavor are greater than usual so plot your strategy carefully.

AQUARIUS [January 21-February 19] - Get out of the daily routine rut by becoming involved with some exciting new program; join a new group or club. Interest in occult matters may catch your attention.

PISCES [February 20-March 20] - You may want to make changes which affects present lifestyle. Consider those who are close to you and include them in plans; ask for advice if you're unsure.

REHEARSING AT PM&L theatre for "A Streetcar Named Desire" are (from left) John Denk, Frank DiMarco, Tessa Smith, Donn Britten and Dena Fabry. The play opens Saturday, Feb. 14, and will run for three weekends.

PM&L's 'Streetcar' Is on Right Track

PM&L's February production of "A Streetcar Named Desire" is "well on the track toward presentation," according to director Tom Hausman.

Hausman is directing at PM&L for the first time, but he has been directing plays and musicals at Wilmot High School for 11 years. He has also directed two shows for the McHenry Dinner Theatre and one for the Gaslight Players.

Helping Hausman with his chores is Aileen Biel, president of PM&L. Mrs. Biel is serving as stage manager. They have now "blocked" the entire show, and the cast has all its lines committed to memory.

Aiding Hausman and Mrs. Biel with other "backstage" duties is Ken Smouse, widely known in the area for his directing talents and as PM&L's award-winning Tevye in last summer's "Fiddler on the Roof." Ken doing the set for the show.

Smouse and Hausman have collaborated on the set design, a unique multi-room setting featuring partial walls and a scrim wall revealing the street beyond.

Ken is also in charge of set construction. Assisting him since Christmas have been Delores, Mike and Sherry Kratz, Betty, Betsy and Jeff Smouse, and Hausman.

Delores Kratz has been coordinating and altering costumes for the show. She has been able to put together a late 40's, early 50's wardrobe from the costumes of PM&L and Wilmot High.

Delores and Aileen, with the help of Lyn Zaehler, have been collecting props. Jeff Smouse has set up the lighting for "Streetcar," and Mike Kratz has readied the sound effects.

Hank Apostol has designed and made posters for the show, while Kathy Hausman and Betty Smouse have been putting

out publicity. Jeff Smouse has been production photographer.

Hank and Ricky Apostol, as house managers, are getting the theatre ready for the patrons. And Frank Vaitkus, art department chairman at Wilmot High, is preparing an art display for the lobby, featuring the best efforts of Wilmot students.

The play opens Saturday, Feb. 14, and continues through Feb. 20, 21, 27 and 28. Curtain time is 8:30 p.m.

PM&L is located at 877 Main St. in Antioch. For reservations call 395-3055.

Plan Presentations On Topics of Interest

Do you dread the coming hassle of preparing your income tax? Would you like to prepare a home budget that works? Or maybe you would like to know more about gourmet cooking, wines, the bicentennial events, first aid or home repairs.

Ken Smouse will direct the musical which will be presented Apr. 14, 15 and 16. Singers and musicians are needed.

P. Cottontail

Yes, Virginia, the cottontail rabbit is prolific: One female can produce 16 young her first year of life...if they all breed, she'll have one million descendants in eight years! No wonder the cottontail is America's number one game animal. To cultivate rabbits, Remington Arms suggests: Set aside an acre that provides year-round food, cover, protection from predators. Plant clover or set out a few evergreens, and watch the cottontails multiply.

She was a phantom of delight
When first she gleamed upon my sight,
A lovely apparition, sent
To be a moment's ornament.

WORKING FOR CLEAN WATER -- The Chain of Lakes - Fox River Commission held one of its regular meetings last Friday, this time at the Antioch Village Hall. From left: John Guillou, consulting engineer; State Sen. Jack Shaffer, State Sen. Karl Berning, Peter Drabek, State Rep. Donald Deuster, Executive

Director John Jerry Murphy and Commission Chairman William E. Brook. Other members present are not pictured. The commission has received a commitment by the state to double the present appropriation for dredging work in the Chain of Lakes area.

Sequoits Play Lake Zurich Here

Antioch High's basketball team - it's 7-0 in the conference and 12-4 for the season.

The Sequoits hope to make their conference record 8-0 Friday night when they play Lake Zurich here at 8 p.m. Antioch probably will be a 10-point favorite, but Coach Roger Andrews' team will be trying to stay sharp in order to avoid an upset.

The Sequoits are after their third straight conference title and the league this year is unusually well-balanced. Most everybody has been knocking off favorites... except nobody, so far, has upset Antioch.

Woodstock, with a 6-2 record, is Antioch's chief rival so far. Woodstock plays here Saturday

North Chicago Is Saturday 'Toughie'

night, Feb. 21, and Andrews says: "That should be quite a game."

ON SATURDAY night of this week the Sequoits will be involved in another "quite a game."

They travel to North Chicago for an 8 o'clock appointment with a very tough non-conference opponent. The Waukegan News-Sun probably will call North Chicago a slight favorite.

North Chicago is tied for first in the tough North Suburban conference. The team has a 7-1 record in the league, the same as Zion-Benton.

Antioch enjoyed a 59-49 conference win over Round Lake last Friday.

"The game at Round Lake proved a point," Andrews said. "Mental attitude is very important. I believe our team took Round Lake too lightly, but it did play well in spots which was good enough to win."

"The team defense was sharp," Andrews said. "But we did miss a lot of easy shots that could have broken the game wide open for us."

ANDREWS says his Sequoits have fine team balance.

"Jon Bodin played an excellent first half," the coach said, "and we had four scorers in

double figures - Scott Kimball with 17, George Ferguson with 15, Mitch Witt with 11 and Bodin with 10. All of Bodin's points were in the first half."

Andrews said using three players off the bench - Tom McAvoy, Pat Houghton and Tom Gutowski - proved to be of good value. "Each did a fine job," he said.

Once again Antioch's free throw shooting was very good, 13 out of 18.

Tammie Traves Wins \$15 in Weekly Contest

Tammie Traves of Rt. 2, Antioch, a third-place winner the previous week, won the \$15 first prize in last week's Antioch News basketball contest.

Later this week she will be receiving a check from Thelen's Sand and Gravel Co.

Tammie accurately predicted that Antioch would beat Round

Lake by 10 points last week. She also said Antioch's sophs would beat Round Lake's sophs by 17 points in the tie-breaker. The sophomores won by the amaz-

ing total of 59 points.

CALVIN KNUTSEN also hit the varsity game on the head, picking Antioch by 10. But he didn't come as close in the tie-breaker when he said the sophomores would win by 12. Calvin deserves the second prize, though, a \$10 gift certificate from A&B Printing Co.

There also was a tie for third as Brad Herbst predicted the varsity would win by nine points and Tom McAvoy said by 11. Each was only one point off. Brad picked the sophs by 16 while Tom said five points, so Brad wins third prize: a \$5 gift certificate at The Vault restaurant.

A FLOCK of entries missed by only two points. Predicting the varsity to beat Round Lake by eight were Kathy Hofmann and Alice Johnson.

Forecasting a 12-point victory for Antioch were Tony Besson, Patti Wilton, Jim Bucar, James A. Fleming, Tony Bussone and Kathleen Stagg. If only one more Antioch shot had gone in!

Another contest appears in today's paper. And it's a real challenge: Antioch vs. North Chicago. Try to pick that one... and be sure to get your entry in before Friday's 5 p.m. deadline.

Two money-saving tips for homeowners

Too many homeowners have outdated insurance on their property.

So a fire, a storm, vandals or burglars can destroy or steal more than your insurance covers.

With the cost of construction and repairs going up fast, it pays to update your homeowners coverage now.

It'll pay you to check with your Country Companies agent, too. Because in most cases, he can give you the coverage you want for less with a Country Mutual homeowners policy.

The Country Companies. We're a little different than most insurance people.

Antioch Looking Stronger in Conference Race

By MIKE WITT

The 1975-76 conference basketball schedule is past the halfway mark, with seven of the 13 games played, and the questionable Sequoits (at the beginning of the season) are no longer questionable.

They have won their first seven games without a defeat, including last Friday's 59-49 victory at Round Lake.

The Sequoits jumped to a 6-4 lead, and weren't overtaken the rest of the game.

A three-point play by Mitch Witt, and baskets by Scott Kimball and Jon Bodin gave them the lead, and the team raced to a 14-8 lead.

IN THE second quarter, Antioch repeatedly came up with the good shots, and if it weren't for the shooting of Round Lake's Neer, they would have run away with it.

As it was, they held a 32-19 halftime lead, supported by Bodin's 10 points.

During the third quarter Antioch, as it so often does, go careless and enabled the Panthers to come within four points at times and a 41-31 deficit at the end of three.

The fourth stanza was even as each team scored 18 points, and Antioch had put down another challenger.

KIMBALL SCORED 17 points (only five baskets), rebounded well, and turned playmaker as he hit Witt several times for easy lay-ins on pretty passes.

Ferguson, showing that his hot shooting of late has been no fluke, scored 15 points and once again was top rebounder with nine.

Witt scored his usual double figures, and along with Bodin and Dubek, played good defense and moved the ball well.

ANTIOCH LED all categories as it shot 46 percent on 23-52 field goal shooting, outrebounded its opponents 29-21, and once again had a low number of turnovers.

With the season half over, let's take a look at the player's progress and the team's improvements.

SCOTT KIMBALL - At the beginning of the season, "Toby" was the man Coach Roger

ELLIOT BACALL, Democratic candidate for Lake County state's attorney, said that if he

is elected:

"I will serve only one 4-year term as the state's attorney of Lake County. Any capable lawyer and administrator who cannot straighten out the prosecutor's office and clean up the county in four years could not do it in 20 years." Bacall declared that "After four years

in office the state's attorney becomes a professional politician working for his own perpetuation, not the good of the community."

The salary of the state's attorney will rise from \$30,000 to \$42,600 per year in December. Bacall said that, "I promise when I am elected and the

salary goes to \$42,600, I shall donate up to \$10,000 per year to Lake County charities which primarily benefit our disadvantaged children, such as Lamb's Farm in Libertyville; United Cerebral Palsy Association; Hadley School for the Blind; and Central Baptist Children's Home in Lake Villa.

Andrews pointed his finger to and he's the man that has lived up to it. His scoring, defense, rebounding and passing have been excellent and consistent. He has improved his movement, this having a lot to do with being "outside" more often. And he is not fouling out as often, at least not until the game has been decided.

GEORGE FERGUSON - "Fergie" has been a pleasant surprise. He was expected to rebound well, and that he has. He has been a terror on the boards and leads the team almost every game. The surprise has been his scoring of late. He has taken some pressure off Kimball, and is turning into the other "good big man" that every team needs to be really successful. His shot selection has been improving and he also has been staying out of foul trouble.

MITCH WITT - Mitch has been coming along with his scoring really well, averaging in double figures. Not really a regular at the start of the year, he has rebounded well, and his play should really become obvious as the conference teams will be concentrating on Kimball the second time around, giving Witt a chance to shine.

BOB DUBEK - "Sleepy" got off to a great start offensively, and even though his scoring has slackened, you can't leave him open because he will hit that "open" shot. He plays good defense, and usually plays the role of the "stopper." When the team starts running and getting wild, he'll usually slow up the

Conference Mat Title: It's Antioch vs. Grant

Antioch High's wrestling Sequoits tuned up for this week's conference tournament by scoring two easy wins last weekend, 36-15 over Round Lake and 46-18 over Lake Zurich.

The Northwest Suburban tourney will be held Friday and Saturday at Grant High School in Fox Lake. First-round matches begin at 7 p.m. Friday, the semifinals at 1 p.m. Saturday and the finals at 7 o'clock Saturday night.

THE SEQUOITS are 8-1 in conference dual meets, trailing Grant which has a 9-0 record. Dual meets count four points toward the eventual conference championship, so Grant enters the meet leading Antioch by four points. The Sequoits lost to Grant in their first conference dual meet of the season.

"We have improved greatly," says Coach Ted DeRousse, "so it should prove to be a two-team race. Neither Antioch nor Grant has had a close contest from any other team in the league."

Antioch has a 15-4 record overall, but has wrestled tougher non-league competition than Grant.

LAST FRIDAY'S Round Lake meet apparently was costly to the Sequoits because John Kakacek suffered an eye injury and may be lost for the conference tournament.

The team's outstanding 138-pounder, John was hurt in a freak accident when he was attempting a takedown on his Round Lake opponent. The Round Lake wrestler made an unexpected move that dislocated his own wrist, but his elbow struck John in the eye and cut the eyelid. John required surgery and DeRousse fears he may be out for the tournaments that are coming up.

TWO HIGH SCHOOL WRESTLERS were injured in a rare accident last Friday at the Antioch gym. The Round Lake wrestler on the mat suffered a broken wrist while Antioch's John Kakacek was severely cut around the eye by his

opponent's elbow. Helping Kakacek is Antioch freshman coach, Tom Schweiss. Kakacek was declared the winner because he was the only one able to continue.

Against Round Lake, Antioch won five matches and lost three. Three ended in ties.

Antioch's winners were Marvin Gibson, 10-0 at 112 pounds; John Davis, 13-0 at 126 pounds; Kakacek on an injury default, and Dave Bogaerts, who won 7-2 at 155 pounds. Then Dick Kessler won with a fall at 185 pounds and Bob Ducato scored a fall in just a little over a minute in the heavyweight match.

ON SATURDAY the Sequoits took an abbreviated lineup to Lake Zurich and won easily. Winners included Tom Dye at 98 pounds, Gibson at 112, Greg

Nordstrom at 132, Rich Gorski at 167 and Kessler, all scoring pins.

Decision winners for Antioch were Keith Olsen at 105 (his first varsity win), Robin Aerne at 119, Davis at 126 and Bogaerts at 155.

Sequoits and their won-lost records include Dye with 18-5, Gibson 24-5, Aerne 14-4, Davis 16-7-4, Nordstrom 27-3-2, Bogaerts 15-10-1, Gorski 15-12-1, Kessler 12-7, Ducato 14-10-1, and Kakacek 20-5.

pace and get them back on the track.

JON BODIN - "Bone" has really made a complete turn-about from the start of the season. His turnovers have really reduced, and he has been running the offense well. His shot has really been improving, and he is a scoring threat, even though he hasn't had a big game yet. It's just a guess, but I imagine he's leading the team in assists, and his hustle and defense have been there all season. The only thing missing from his defense has been his tendency to commit unnecessary fouls because of his aggressiveness.

THE TEAM'S improvement in reduction of turnovers and moving the ball for the good shot are big factors in its play of late. The Sequoits have yet to prove themselves against a good press, and get lazy with a big lead, but they get to prove themselves this Saturday night against an excellent North Chicago team. The players that make that team tick are Delbert Yarbrough and Terry Barret. If the Sequoits can handle the Warhawks - LOOK OUT!!!

Bright Future Hinted By JV Wrestlers

Antioch High's junior varsity wrestlers finished their season last weekend with a 36-18 victory over Round Lake and a second-place finish in the rugged Palatine JV tournament.

Against Round Lake the Antioch team ended its dual meet season with a sparkling record of 10 wins, no losses and one tie.

Rich Packert and Randy Larsen led the Sequoits by scoring falls. Other winners were Jeff Gross, Rich Whitton, Wayne Blake, Gene Lehn and Bill Hudson.

AT PALATINE the team

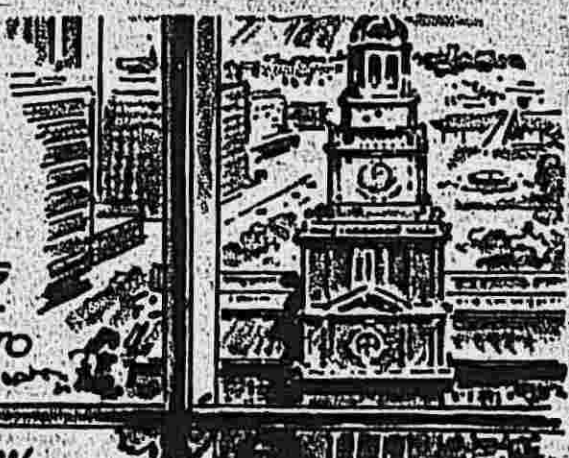

scores were: Palatine 113½, Antioch 79½, Conant 76½, Elk Grove 59½ and four other schools strung out behind.

For Antioch, Bob Gossman, Wayne Blake, Del Gorski and heavyweight Bill Hudson placed second. Randy Larsen, Keith Kaht and Rich Packert finished third and Rich Whitton took a fourth.

Coach Steve Wapon said: "With the valuable experience gained from this year of wrestling at the JV level, added to lots of future hard work, it appears that varsity wrestling at Antioch High School has a very bright future."

Grade School Tournament Opens Thursday

Thursday, Friday and Saturday, the Antioch Upper Grade School Apaches will host their first 8th grade invitational basketball tournament.

First-round games will start Thursday at 4 p.m. with the Apaches hosting Round Lake. St. Peter's will play Lake Villa at 5:15. That evening the doors will open again at 7:15 with Salem playing Emmons and Grass Lake playing Fox Lake at 8:30.

The second-round games will start Friday at 4 p.m. The consolation final will be played Saturday night at 7, with the championship game following at 8:15.

The Antioch Apaches come into the "post-season tournament" having won 5 of 6 games since Christmas vacation and boasting an overall record of

10-5. "Their biggest assets are their intelligence, aggressiveness and hustle," their coaches say.

Individually the Apaches are led in scoring by their 5-10 pivotman Denis Flaschner, averaging 22 points a contest since the Christmas break. Another very capable scorer is Bob Rumps, who hit 30 points against Fox Lake earlier in the season.

The Antioch club likes to fast-break when possible. The break is usually led by Dan Larson. His coaches call Dan "a fine ball-handler and passer."

"Perhaps the Apaches' finest all-around player is Greg Stevens," coaches say. "He is skilled in all phases of the game and gives a steady performance every ball game."

"The fifth starter, Dan Verkeyn is noted for his tenacious, defensive play. Always around a loose ball, Dan has the ability to raise a team's spirit with his gummy play."

A sometimes starter, Bill Strahan, is a coach's delight to have come off the bench. Bill is capable of lighting up the scoreboard with long range shooting. Other squad members who have made valuable contributions to the team effort are Tim Plett, Brian Cardiff, John Blue, Dave Frook, Tom Bernet and Dave Behne.

Antioch Sophs Hit 85 Points

Antioch's sophomore basketball team jumped to an 18 to 6 lead and easily defeated Round Lake by a score of 85 to 26.

The Northwest Suburban Conference game played last Friday at Round Lake left the Antioch sophs in first place with a record of 7 wins and no losses. The sophs' overall record is 14 and 3.

Antioch was led by Tim

Huebner with 23 points and 11 rebounds, followed by Tracy Sodman with 16 points and 12 rebounds.

Fifteen players saw action in the game with 12 contributing to the scoring. Tom Huebner had 10 points, John Eder 8, and Brian Andrews 8.

In addition to being a fine offensive game for the sophs, 85

points, their highest for the season, they held Round Lake to 26, their best defensive effort of the season.

The sophs continue conference play this Friday, with a home game with Lake Zurich, and travel to North Chicago for a non-conference game on Saturday. Both games start at 6:45 p.m., with varsity games following at 8.

Freshmen Romp To 60-24 Win

Antioch's freshman basketball team won its sixth conference game Friday by walloping Round Lake 60 to 24 at Round Lake.

Mike Lischewski led all scorers with 20 points and was credited with six assists.

Chris Oddsen added 12 points and led in rebounding with 10. Greg Bodin hit for 11 points and Bill Ranker grabbed six rebounds.

Setting up the scorers were Dave Gutowski and Roger Plechaty with four and five assists respectively.

Coach Norm Hahn felt the team played well. Antioch shot 45 percent from the field and 63 percent from the free throw line. The young Sequoits dominated the boards with a 39 to 21 edge. As a team the frosh had a fine total of 19 assists and only eight

turnovers. Round Lake had only seven baskets.

In the "B" game Antioch dominated 37 to 13. Round Lake did not score in the second half. Eight players scored for the Sequoits.

The frosh play at home this weekend against Lake Zurich on Saturday at 9 a.m. and against North Chicago on Monday at 4:30 p.m.

ABC's of Travel

Domestic and International

By BARB CORBIN

What's Happening In Mexico? Just a friendly reminder. Mexico-bound passengers need Tourist Cards.

With few exceptions, Americans can obtain this form with proof of citizenship by means of a valid passport (this may be expired but NOT cancelled), notarized copy of Official Bureau of Records Birth Certificate (NOT registration), Naturalization Papers, Voters Registration or Notarized Affidavit of Birth.

Minors under 18 years of age traveling unaccompanied or with ONE parent MUST carry notarized letters of consent from their parents.

Tourist Cards may be obtained through your local travel agent who made the reservations for you, or by mail at least 10 days prior to departure with the airline or tourist office.

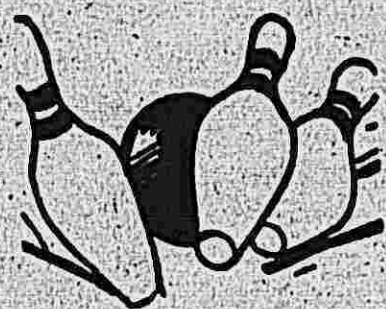

Remember, the proof of citizenship shown on the Tourist Card must be carried to Mexico with the traveler. Also, Tourist Cards should be carried at all times to avoid paying a 15 percent food and beverage tax within Mexico. This is a tremendous savings to you if added up at the end of your vacation time.

Not all areas charge this 15 percent tax; the Mexican Government was forced into rescinding it. The majority of the hotels won't drop the tax unless forced by the Government so for your own savings - carry the Tourist Card. This means \$'s in your pocket.

ANOTHER confusing point in Mexico City's Airport is where the passengers are to be met. One MUST go OUT of the Customs Area before you can be met. Many feel once they go through customs, someone will be there to whisk them off to their destination - Ain't so, McGee.

One must go through the customs doors and out to the limousine cab area before a representative can meet them.

Remember, Mexico is not the United States and there are certain custom formalities one must go through first. Just a few hits of travel for the inquisitive.

Hundreds of pieces of mail received at the Antioch post office dispute the marketing slogan that the customer is always right.

Postmaster Walter Barnas

said Tuesday that much mail is delayed or cannot be delivered, simply because the address is wrong or undecipherable.

Asking the public to take greater care in addressing letters, cards and parcels, Postmaster Barnas said the problem is a real one, and may be expected to become more severe with the volume of mail increasing as our community grows.

"Using the wrong ZIP Code is the most common error," Postmaster Barnas said. "And since our distribution system is set up on the basis of zip codes, these letters and parcels may be directed to places not intended

by the sender."

Mr. Barnas said most ZIP Code mistakes are reversed numbers. "The sender writes 50123 when 50132 is meant. And you would be surprised at the number of people who unintentionally write their own ZIP Code rather than that of the person addressed."

The practice of addressing local mail to "City" continues to be a problem. All mail should be addressed to the name of the city, state and ZIP Code, as well as the street address. This is because mail from several communities in this area is sent to the North Suburban Sectional Center in River Grove for processing.
